## Hunter Accessories

### Aluminum Dog Box- Single

We have combined many features into this unit to make it ideal for hunters. Light weight and rust proof aluminum design, includes drainage holes for cleaning, 360 degree ventilation, and carrying handles. Lockable "slam" latch on door, lock down hasp to secure unit to bed of vehicle, and non-skid rubber feet minimize movement. Designed for medium/large dogs such as Retrievers (20" wide x 22" tall x 30" deep).

### Camouflage DS LYNX Enclosure

Keep the weather and bugs out with this new over the top design enclosure. Features include: "Ultimate" style no velcro attachment system. Front "bug screen" for use with or without plastic windshield. Side screening, with roll up interior side windows. Made of 1000 denier Cordura nylon material in a Mossy Oak® Forest Floor Pattern®. NOTE- Can be special ordered in ADVANTAGE® MAX-4™ or REALTREE HARDWOODS® HD™, contact your dealer for details.

**AM10671** ICS canopy

**AM10672** Pre-2000 canopy

### Camouflage Seat Cover- 2 Piece Bucket

Designed for the Carryall 272 or Pioneer 1200 bucket seats. These durable seat covers are made of a 1000 denier Cordura nylon material in a Mossy Oak Forest Floor pattern. Elastic binding plus underseat strap & buckle attachment system. NOTE- Can be special ordered in ADVANTAGE® MAX-4™ or REALTREE HARDWOODS® HD™, contact your dealer for details.

**DS Electric Vehicle Anti-Sway Bar Kit**

This kit is designed to work on 1997 and newer electric DS golf cars in conjunction with a lift kit like out AM10755, resulting in improved vehicle handling dynamics. This kit includes the front and rear anti-sway bars, all mounting brackets and hardware plus full detailed instructions. Club Car strongly recommends the use of this kit for any lifted 4-passenger electric golf car.

**Electric Winch- DS Golf Car Chassis**

Designed for use on a standard or lifted Club Car golf car like our LYNX off-road vehicle. This kit includes: 1500 lb. SuperWinch, frame mounting plate, wiring harness, remote operation switch, and complete instructions.

**Lift Kit for Club Car DS Golf Cars**

Count on Club Car to bring the most complete lift kit to the market and at a great price. Our frame lift results in a stronger and safer design than spindle lift versions, and our frame locating/cutting/drilling tool takes the guess work out of lifting a vehicle. Available for gas and electric Club Car golf cars this is the same design we use on our LYNX™ off-road vehicle. Kit includes: Heavy duty rear leaf springs, urethane spring bushings, spring U-bolts, rear shackles, shock extensions, frame S-plates, steering shaft extension, all new mounting bolts/nuts and complete instructions. Note: Heavy Duty shocks only included in electric lift kit. Since this kit requires the use of a specialized frame cutting tool, contact your dealer for further information.

**AM10755** Electric Club Car lift kit (1986-present)

**AM10756** Gas Club Car lift kit (1997-present)

**Rugged Gear® Floor Mount Gun Rack for DS Golf Car Chassis**

The Rugged Gear gun rack securely hold rifles and shotguns (except side by side shotgun) while allowing near instant access. Features include: Durable design that mounts to vehicle floor pan, yet is easily removable. Adjustable angle from vertical to nearly horizontal. Proven protection against stock and blueing wear. Endorsed by the National Sporting Clays Association.
